Welcome and introductions

March 24, 2012
Institute for the Future
Palo Alto, CA

Redesigning Education

What is the purpose today?

- Explore the social transformation around higher ed...
- Share with each other...
- Collaborate - What might we do together to shape the future?

Disruption!

Universities are being disrupted on all sides!

We have an amazing group of people in the higher education ecology today!

Disrupters...

People being disrupted...

Students...

Observers...

Innovators...

Massive disruption.

Creativity transfer.

Futurist.

Democratization...

Empowerment...

President Obama...

Cross boundary partnerships.

Creative destruction...

Connoisseur...

Science education...

Innovation...

Disruption!

Lateral thinking...

Data-driven modeling.

Content creation.

Computers disappearing...

Micro learning...

Disintermediation.

E-portfolios.

Networks.

Sustainability.

Magic.

Tinkering.

Global empathy.

Demystification.

Microlearning.

Co-learning.

Socialization of the future.

Science.

Think.

Aesthetic.

Travel.

Sociology.

Art.

Non-profits can't do it alone.

Access and equity.

Video.

Networking.

Social media.

Learning.

Blogging.

Ecology.

Narrative.
TAKEAWAYS...

"DON'T THROW THE BABY OUT WITH THE BATHWATER."

The system may be broken but there are still acts of HEROISM... in schools.

WHERE'S THE EMPLOYER PERSPECTIVE? What will they think of BADGES?

LET'S THINK of HOW THESE ISSUES APPLY in OTHER REGIONS of the GLOBE?

A European perspective?

TECHNOLOGY is an ENABLER and CATALYST, not a SOLUTION unto itself.

THINK about IMPLEMENTATION on a MASSIVE SCALE.
