Artifac FROM THE FUTURE
Follow this guide to discover your very own Artifact from the Future.

1. **Choose your words carefully**
   Fill in the columns below with the appropriate words. Six different people from the future in the first column, six actions in the third column, etc.

<table>
<thead>
<tr>
<th>WHO will inhabit this future?</th>
<th>What will this future FEEL like?</th>
<th>What ACTION will people take in the future?</th>
<th>What is a future ATTRIBUTE?</th>
<th>What OBJECT will people interact with?</th>
</tr>
</thead>
<tbody>
<tr>
<td>(Grandma, a scientist, my little brother, Sam, sportsfans, etc.)</td>
<td>(friendly, regulated, adversarial, wholly unfamiliar, etc.)</td>
<td>(flying, sharing, tasting, blogging, etc.)</td>
<td>(hyper-local, lab grown, augmented, drone-delivered, etc.)</td>
<td>(book, toothbrush, plant, bike, road, etc.)</td>
</tr>
</tbody>
</table>

2. **Mix it up**
   Select five dice, and roll them. Place one dice in each column on the appropriate number.

3. **Tell a story**
   Make these words into a sentence. Discuss how that sentence could be real. Roll the dice again, and make as many sentences as you want. Write down your favorites.

4. **Create your Artifact**
   Draw a picture, make origami, or use photoshop to bring your Artifact to life.
